Responses

There has been a sharp increase during the summer term in the number of 'on-going' skill assessments undertaken within English, Maths, PHSE & History

Subject moderation has taken place to improve the accuracy levels of Teacher Assessment.

As a result 5/9 Subject areas amended their initial assessments and are now considered to be even more accurate in English, Maths, PHSE & History.

Next Steps

Priority 1 To ensure that Doodle is consistently and effectively deployed as an assessment tool across Lawnswood Campus.

Priority 2 To ensure that assessment data is effectively employed to inform planning.

Class Analysis is used and disseminated. (Teaching file)

All target grades to be accessible on SIMs (Teaching file)

All staff to be effectively planning tasks for all students at the correct level for ability.

Exploration and development of Doodle resources and other features
